

### ***Maths Links***

Parents often ask us 'How can we help our child at home?' There are numerous websites available such as <http://www.topmarks.co.uk/> which has a wealth of ideas to support maths and English. One of our favourites is <http://www.topmarks.co.uk/maths-games/hit-the-button> which is a fun way to speed up recall of number facts including number bonds and times tables.

Additionally the site [www.oxfordowl.co.uk/for-home/](http://www.oxfordowl.co.uk/for-home/) is packed full of ideas and tips to help you support your child with maths and reading at home.

We hope this is helpful.
