Mr. Harry Holland	co-opted	I have been a governor of Stonesfield school since 1999, originally as a Parent Governor but after the youngest of my 3 daughters moved on to Marlborough in 2005 I became a Community Governor and now I am a Co-opted Governor. The school has grown from around 100 pupils to around 150 in that time and with the changes wrought upon the local authority more and more responsibility has been devolved upon the governors, headteacher and staff. My background is in electronics engineering, particularly	Chair of Governors. Finance, Resources, Health and Safety Committee	None	None	No	31/08/2019

<b>Mrs Tanya Simpson</b>	Parent	I have been a Parent Governor since 2013. I have been a secondary teacher throughout my career with some senior management experience (before kids!). My spirits are always lifted when I walk into Stonesfield School and I have the chance to meet pupils. I hope to contribute through the governing body to ongoing improvement to facilities for learning, to curriculum development and to ensuring that all children continue to feel secure and happy here. I have led numerous Parent-Governor Forums which provide an opportunity to explore current issues with a randomly selected cross-section of parents. I am also a board member of Oxfordshire Community First. I hope my experience of local affairs and organisation will help me to do a good job as governor for the school. As a member of the Youth Panel I came into contact with a very different group of young people from those I was teaching. I was delighted to be invited to become a governor of Stonesfield School and hope that, through my experience of young people at different stages in their lives, I can play a small but significant role in the development of this vibrant school community. I am currently an editor of The Slate (the village magazine) and am engaged in various writing and editorial tasks.
