

Street Dance Year 5

On Thursday 13th October 2016, Year 5 went to Marlborough School to take part in a street dance workshop.

All the schools in the partnership sent their Year 5s so there were lots of us. It was great fun because we got to work with other children that we didn't know. It was physically very tiring but we all persevered and we didn't give up! We worked in blocks of dance and we were surprised when it all fitted together into a final performance.

The theme was the military and we danced in a choreographed routine which we had to remember and perform.

By Esta and Aoife.
